41) The Bd have resolved for
the grant of T.A. of Rs 50/- p m
to the Asstt Engrs in accordance with
the opinion of the C-E for Irrigation

42) But the Chn reports that as he found it difficult for the Asst Engrs to maintain a car on Rs 50/- in these days, he had an informal talk with the C.E for Irrigation who has agreed to support the proposal to raise the T A to Rs 75/- p m and recommends sanction to the grant of the said enhanced T A to each of the Asst Engrs

43) In the circumstances if appd, the Chief Engr for Irrigation will be consulted at the first instance

44) The Trust Board have at their meeting held on 17.12.45 resolved to give each Conveyance allowance of Rs 50/- p.m. to the two Assistant Engineers in charge of Bellary and Bellary Division respectively. The Chairman has subsequently recommended, in consultation with The Chief Engineer for Irrigation, that these allowances of Rs 75/- may be given to each of them, as it would not be possible to maintain a car at a cheaper rate in the present circumstances when petrol is also expensive

57) The applicant Engineer attached to the Shimsha Drainage Division has been doing field work for a number of years He would therefore be quite correct to give him enhanced conveyance allowance of Rs 75/- p.m from 29/9/1940 to 1936. He is also drawing Rs 50 C-B p.m and the enhanced allowance of Rs may be given to him from the same date i.e 31 10 44 from which it would be given to M/s Puttaswamy, as, in that event, equal treatment would be accorded to both of them It would not do any rate to be desirable to go behind that date

Enhancement of Conveyance Allowance of Rs 75/- p m to Messrs H Puttaswamy and B V Vittal Murthy, Assistant Engineers

---

With reference to letter No L-11815/M1-157-44-90 dated 8th June 1945 of the Law Secretary stating that the existing allowances may continue for the present, I have the honour to state Mr H Puttaswamy, Assistant Engineer attached to the Trust Board and Mr B V Vittalmurthy, Assistant Engineer, Attached to the Drainage Division are in receipt of Rs 32/- and Rs 50/- per mensem respectively as conveyance allowance though the itinerant jurisdiction of both the officers is almost the same These officers have got to go in and around the Bangalore City very frequently in the discharge of their executive functions and as already reported by me in this office letter No 247 dated 23-2-45 addressed to the Law Secretary the average number of miles covered by the Officers varies from 20 to 30 miles per day The conditions as affecting the wear and tear of a car and its maintenance due to war have by no means changed for the better and they call for a revision of the existing rates which were of course fixed during the pre-war period Taking these aspects into consideration Government have ordered the enhancement of mileage and daily allowance rates by 33⅓% for all officers and I understand that for the same reason the conveyance allowance of the Assistant Engineer attached to the Bangalore City Municipality has recently been raised from Rs 75/- to Rs 100 p m

As the conditions under which these two officers are working are similar, I recommend that the rate of conveyance allowance be raised to Rs 75/- p m and I request that the grant of enhanced rate be given effect to Mr H Puttaswamy, Assistant Engineer from the date he joined the Trust Board

I have the honour to be,

CITY IMPROVEMENT TRUST BOARD,
Bangalore, dated 5th Jan '46

Dear Mr. Mallaradhya,

Refering to the correspondence ending with your letter No L 3966 dated the 21st November 1945, asking for the considered opinion of the Trust Board in regard to the amount of Conveyance Allowance to be granted to Messrs H Puttuswamy and B V Vittalmurthy, Assistant Engineers employed under the Board, I enclose herein a copy of the extract from the discussions on the subject and the decision arrived at the Board's meeting held on 17th December 1945 to the effect that Mr. Puttuswamy be given an allowance of Rs 50/- as in the case of Mr. Vittalmurthy I may mention in this connection that the members of the Board generally expressed their willingness during the discussion to raise the allowance of these officers to Rs 75/- per mensem But when the Chief Engineer argued that any recommendation made by this Board must be acceptable to Government they accepted his views that the allowance be limited to Rs.50/- per mensem

On a further representation made to me by the Assistant Engineers, that it was not possible to maintain a car on Rs.50/- in these days, I had an informal talk with the Chief Engineer for Irrigation to-day and he was good enough to tell me that in the circumstances explained to him, he would support the grant of an allowance of Rs.75/- to each of these officers if the question were referred to him by Government

I personally think that the grant of an ~~xxxx~~ allowance of Rs.75/- is not excessive to an officer who has to maintain a car and whose jurisdiction extends even beyond the limits of the City proper I would therefore suggest for the consideration of Government the desirability of raising the allowance to Rs.75/- as originally recommended by the Engineer Officer.

Yours sincerely,

K Subba Rao

Subject No 9

Chairman - Government have called for the opinion of the Board regarding the Conveyance allowance to be granted to Messrs H Puttaswami and B Mittalmurthy, Assistant Engineers serving under the Board These officers have asked that that they should be given the same allowance as that drawn by the Municipal Engineer, who is also an officer of the grade of an Assistant Engineer The Municipal Engineer was drawing an allowance of Rs 75/- till recently when it was enhanced to Rs.100/- per mensem

Mr M Narasimhiah - The duties of the Assistant Engineer of the Municipality are different from those of the Assistant Engineers of the Trust Board The former is performing the duties of the Executive Engineer, and hence, he is given an allowance of Rs 100/- per mensem.

Dr. O H Koelngsberger - The cost of motor parts, etc., has gone up I think an allowance of Rs 75/- is reasonable.

Messrs C.N.Narasinga Rao & K.N Ramaswami - We may agree to Rs.75/- per mensem

Mr M Narasimhiah - Any recommendation that may be made must be acceptable to Government. In my opinion Mr H Puttaswamy may be given Rs.50/- as in the case of Mr Mittalmurty

The Board accepted the views of the Chief Engineer
